Adelaide Plains Council	**9 DEPUTATIONS**
Monday 16 July 2018	

Items:

9.1 Mr Ian Baldwin

1. Chair of the Gawler River Floodplain Management Authority

- To discuss Agenda Item 18.2 – *Rescind Motion (2018/275) Gawler River Floodplain Management Authority – Special Meeting 17 May 2018 Outcomes*

Mayor AJ Flaherty OAM JP
Adelaide Plains Council

13 July 2018

Dear Mayor Flaherty

RE: NOTICE OF MOTION TO RESCIND – NORTHERN FLOODWAY PROJECT

The Authority is aware that Council will be considering a Notice of Motion to rescind decision made at its meeting on the 26.06.18 confirming "in principle" support to the Northern Floodway Project, subject to capital costs being met by the Federal and State Governments.

Given that the Authority has now acted on the advice from Council progressing letters of support and funding application to both governments it is of absolute concern that the above action may be supported impacting on the future operation of existing flood mitigation infrastructure, the implementation of proposed works in the lower Gawler River and potential extension of the Bruce Eastick North Para Flood Mitigation Dam.

The decision of Council also being critical to the future operation of the Gawler River Floodplain Management Authority.

Consequently, your cooperation is respectfully sought in accepting a formal request from the Authority made pursuant to Reg. 11 of the Local Government (Procedures at Meetings) Regulation 2013 for deputation at the Council meeting to be held on Monday, 16th July 2018 to address the above.

I am hoping to receive confirmation of acceptance of this request. I would be pleased to receive your contact on Mob: if you require further information.

Your Sincerely

Ian Baldwin
Chair, Gawler River Floodplain Management Authority
