Media Release

Local Roads and Community Infrastructure Program Funding

Adelaide Plains Council is pleased to announce that it will receive funding in the amount of $345,459 from the Federal Government, through the Local Roads and Community Infrastructure (LRCI) Program.

The LRCI Program was announced on 22 May 2020 and will support councils across Australia to deliver projects involving the construction, maintenance and/or improvements to council-owned assets that are generally accessible to the public.

Elected Members determined to allocate the funding to the following projects:

1. Recreational Vehicle (RV) Dump at Two Wells
2. Mallala Museum works (cleaning, painting and floor coverings)
3. Clara Harniman Reserve external fencing (Boundary Road/Gawler Road)
4. Middle Beach levee construction
5. Parham Campgrounds toilet facility upgrade
6. Two Wells Oval toilet block replacement

All projects are subject to meeting the Federal Government eligibility criteria.

Work will begin on these projects in early October 2020 and should be completed by 30 June 2021. In accordance with the LRCI Program Guidelines, the projects will be delivered using local businesses and workforces wherever possible.

Council sincerely thanks the Australian Government for its continued support and financial assistance to the Adelaide Plains community.

Mark Wasley
Mayor
