

HOUSEHOLD KERBSIDE COLLECTION

Adelaide Plains Council has a new waste contractor, SOLO Resource Recovery, who is responsible for kerbside waste collection.

As part of the new service, residents in the townships of Two Wells, Dublin and Mallala are being issued with a new 140L red waste bin, and 240L yellow recycle bin. Those residents in the townships of Two Wells, Dublin and Mallala who have opted for the Green Organics service will also receive a new 240L green bin and kitchen caddy. Residents in the remaining areas will receive a new 240L red waste bin, and 240L yellow recycle bin.

Each new bin is fitted with a unique bin identification code, making it easy to track misplaced or stolen bins, as well as allowing the contractor to verify bins that have been serviced, and presented for collection. If you are a resident in the townships of Two Wells, Dublin and Mallala and you do not currently use the green organics service but wish to do so, then please contact SOLO Resource Recovery on 08 8295 5077 to arrange a new green organics service.

The new bins are being delivered between **Friday 1 June and Friday 8 June**. Removal of your old bins will begin on **Friday 29 June** and it is anticipated to take a week for all bins to be collected. From Friday 29 June we ask that your old bins be placed on the kerb as per your normal weekly/fortnightly collection for retrieval by the contractor. This is a significant job and we appreciate your patience throughout this period. Please note that as of 29 June 2018 **only** new bins will be collected.

When you receive your new bin you will notice that it includes an education kit. The kit contains a reusable coffee cup, biodegradable pen made from fully recycled material, a tote bag and fact sheets to provide guidance around what goes in what bin and a colouring in competition.

Please sort your waste correctly and help achieve our goal of wasting less and recycling more. Together we can make a difference.

If you have any questions relating to Council's waste service please contact our service provider, SOLO Resource Recovery on 08 8295 5077. For more information on waste and how you can waste less and recycle more visit www.apc.sa.gov.au.
