1. Community Engagement Summary

What we heard...

“Council undertook strategic consultation with key users of the site to capture the community’s vision and aspirations for Hart Reserve.”

Stakeholders were asked to provide their feedback and observations while on site and following the community meetings. Questions were asked that promoted visioning for the future of Hart Reserve. What we heard:

What do you love about Hart Reserve?

- _ The space! It is a lovely refuge
- _ Its location - centre of town
- _ Lots of trees
- _ Area of tranquillity
- _ Open space
- _ The size
- _ Its potential

What don't you love about Hart Reserve?

- _ Its currently underutilised
- _ The front corner is unattractive
- _ The Aleppo Pines (declared weeds under the National Resources Management Act 2004)
- _ Lack of grassed area or green sitting area
- _ Lack of seats/tables staggered around the reserve
- _ No through footpath or path around the

reserve

- _ It's dry and dusty in summer
- _ It offers no reason to stay
- _ The bottom of the reserve floods after continual rain
- _ Lack of irrigating and greening
- _ No toilet or BBQ
- _ The drain along the fence line

What needs to be fixed in Hart Reserve?

- _ Remove the garden and trees on the corner
- _ Upgrade the school boundary with secure fencing to the school with lockable gate, improve pedestrian entry and drop off area
- _ Irrigated grass and seating
- _ Capturing of stormwater for irrigation
- _ Lighting
- _ Winding footpath through trees from Old Mallala Road to Gawler Road
- _ Replacement of pine trees that attract native birds
- _ Move corner garden to more visible/ appropriate place
- _ Improvements to drain and drainage
- _ Footpaths, including suitability for strollers and prams

If money was not an object, what would you choose to see in Hart Reserve?

- _ Start again like the Village green and plant more gum trees to attract native birds
- _ Put up a fence to the school
- _ Provide a paved footpath from a sealed parking area to the school
- _ Native grasses on the slope to wave in the breeze and lawn
- _ A stormwater retention system and re-use of water in the reserve
- _ More trees and BBQ areas with a shelter, toilets, shade, picnic tables and solar lighting
- _ A large irrigated lawn area and improved entrance, perhaps with some stone walls
- _ Permanent pump track and bike track. More pathways for all to use.
- _ Stormwater retention system to help irrigate
- _ Adult gym equipment
- _ BBQ facilities and shelters
- _ Natural amphitheatre area
- _ Large shed for the Scouts and a youth meeting area

2. Vision + Draft Master Plan

A reinvigorated Hart Reserve for all!

“The Vision for Hart Reserve is one of implementing strategic improvements to parts of the Reserve to enhance its educational, aesthetic and active features.

First and Second Nations features are curated as part of its future.

Its just a short walk (or bike ride) down Petticoat Lane from the main street to a place that has different play features, colourful trees and plants, can host a party or event and tells a story about Two Wells and its environment.

The park will be a pleasant and inviting place for the community to visit that encourages use by children, youth and young adults, families, seniors, people of a variety of abilities and the adjacent Primary School.”

Legend

- 

Existing trees

- 

Native planting
Bird + butterfly attracting species
- 

Walking/Bike Trails
Informal track throughout Reserve
- 

2.5m Wide Footpath
Compacted quarry rubble
- 

Native Trees
- 

1 Irrigated Turf
Strategic locations only
- 

2 Irrigated Turf Mound
(Existing)
- 

3 Nature Playspace
Incorporating existing trees, treehouse structure and water play
- 

4 Turf Amphitheatre
Passive recreation, events space + gathering
- 

5 Amphitheatre Shelter
To contain power to facilitate events (potentially 15amp), drink fountain and seating
- 

6 Potential shelter structure integrated with public toilet facilities and timed automatic door lock programmed to suit reserve hours
- 

7 Seating node with natural shade
- 

8 Indigenous gardens
Storytelling + educational totem poles

The Master Plan illustrates the creation of a new entry to Hart Reserve with new pathways (less than 1 in 14 slope for ease of movement), heritage signage, BBQ and picnic facilities, green lawn, feature lighting and landscaping throughout. Visitors will experience a sense of arrival and be encouraged to explore the space further.

The Plan also shows an iconic playspace with an "up in the trees" theme, nature play water feature, improved pump track and bike facilities as well as imaginative, environmental and educational features.

When implemented, Hart Reserve will provide a unique open space offering that promotes active and passive recreation for visitors and the local community to enjoy!
