### Pump Track Works Underway

Adelaide Plains Council (APC) will soon have its very own 'Pump Track' located at Two Wells for the community to enjoy.

Council Members, at the Ordinary Meeting held on 24 February 2020, decided to trial the installation of the pump track at Hart Reserve, Two Wells, for a 12 month period and in doing so accepted the pump track as a gift from the Two Wells Regional Action Team (TWRAT).

Work is well underway, with Council staff doing their best to construct a suitable base in order to ensure compliance and enable the public to use and enjoy the facility as early as possible.

Council's Mayor, Mark Wasley, believes it is important to consider the needs of young people too. *"I am excited that the pump track/skate park is almost ready to go and, through a good partnership between the TWRAT and APC, the community can enjoy another new facility"*, said Mayor Wasley.
