Revised APC Disability Access and Inclusion Action Plan (DAIP)

Adelaide Plains Council is committed to improving its services, facilities and practices to ensure equitable access for all members of its community, including visitors to the region.

At the 28 September 2020 Ordinary Council meeting, Council endorsed a revised Disability Access and Inclusion Plan (DAIP). The *Disability Inclusion Act 2018 (SA)* requires that all councils develop a DAIP by 31 October 2020. However, as APC had an existing DAIP (published in 2018), we were required to review it in order to ensure it aligned with the themes, priority areas and actions of the State Disability Inclusion Plan 2019-2023. Changes to the Revised DAIP are minimal and do not change the overall intent of the Plan.

Council's revised DAIP is accessible on our website (www.apc.sa.gov.au) and a copy can be viewed or purchased at the Mallala Principal Office or the Two Wells Service Centre.

All enquiries regarding Council's revised DAIP should be directed to the Manager, Library and Community on (08) 8527 0200 or by email to info@apc.sa.gov.au.

Further information regarding Disability Inclusion Plans (including the South Australian Government's commitment) can be accessed on the *Inclusive SA* website: www.inclusive.sa.gov.au/.

James Miller
Chief Executive Officer
