	Adoption by Council:	2018
	Resolution Number:	2018/309
	Current Version:	V1.0
Administered by: Chief Executive Officer	Last Review Date: 2018 Next Review Date: 2020	
DOCUMENT NO: D17/22154	Strategic Outcome: 5.3 Customer focused Council services	

1. Objective

Local Government delivers an extensive range of services and infrastructure to communities, and discharges obligations under many pieces of legislation. Providing services to the community is a key component of Council's operations and requests for work to be undertaken or a service provided are a daily occurrence.

Adelaide Plains Council is committed to the provision of quality service to customers and aims to provide services fairly and efficiently. It also monitors requests to identify ways in which it can proactively improve its services.

Section 270 of the *Local Government Act 1999* requires Council to develop and maintain a policy about "any reasonable request for the provision of a service by the Council or for the improvement of a service provided by the Council."

This policy aims to:-

- 1.1 provide guidance on what may constitute a reasonable request for a service or an improvement to a service
- 1.2 distinguish between requests, complaints and feedback to Council and give direction on management of requests
- 1.3 establish a standardized process for assessing and processing requests including the collation of information which can be used to directly inform service improvements

2. Scope

The Executive Management Team and Coordinators are responsible for the implementation and monitoring of Council's Request for Service Policy and any associated processes, however responsibilities addressing a specific enquiry or request for service may be delegated to specific employees or external agencies depending on the nature of the enquiry or request.

3. Principles Underlying the Policy

This policy is based on five principles, which will be fundamental in the way Council approaches requests for service. They are:-

- 3.1 Fairness: treating customers fairly requires impartiality, confidentiality and transparency at all stages of the process
- 3.2 Accessibility: to be accessible there must be broad public awareness about Council's policy and a range of contact options
- 3.3 Responsiveness: this will be achieved by providing sufficient resources, well trained staff and review and improvement of the systems
- 3.4 Efficiency: customer requests will be dealt with as quickly as practical while adhering to this policy
- 3.5 Integration of different areas of Council where the customer request overlaps functional responsibilities

In processing requests for service emphasis will be placed on:-

- Public safety and emergencies
- Fulfilling Council's strategic and business plans
- Using Council resources effectively
- Guidelines and conditions of externally funded programs (e.g. Home and Community Care)

4. Definitions

Act means to the *Local Government Act 1999 (SA)*.

Business Day means a day where Council is normally open for business i.e. Monday to Friday excluding public holidays.

Council means Adelaide Plains Council.

Employee means a person employed directly by the Council in a full time, part time or casual capacity (whether that position is permanent or contractual) and a person providing services to, or on behalf of, the Council even though they may be employed by another party.

5. What is a Request for Service?

A **Request for Service** is an application to have Council or its representative take some form of action to provide or improve a Council service.

Council also receives complaints and feedback across all areas of operations and clarification may be necessary to make the distinction for the purposes of this policy.

A **Complaint** is an expression of dissatisfaction with a product or service delivered by the Council or its representative that has failed to reach the standard stated, implied or expected. This includes complaints about a service that has been, or should have been, delivered.

Where Council has failed to meet the normal standards for a service which has been, or should have been, delivered the **Complaints Handling Policy** will apply. Where ambiguity exists, Council will deal with a matter as a request for service, rather than a complaint, in the first instance.

Feedback can take the form of comments, both positive and negative, about services provided by Council without necessarily requiring a corrective action, change of services or formal review of a decision. Feedback may, however, influence future service reviews and delivery methods.

6. Policy Statement

Requests for service will be assessed in the context of the services and work provided for in the Council's annual business plan and budget and according to the conditions of externally funded programs.

7. Reasonable Request for Service

In determining how to respond to a request for service Council will consider:

- An assessment of risk
- Statutory responsibilities
- The content of Council's Strategic Management Plans, Annual Business Plans, annual works program and Annual Budget
- Relevant Council policies and codes
- Established service standards and response times for regular Council activities.

8. Processing a Request for Service

In Council's experience, most requests fit within well established guidelines which will be explained to an applicant at the outset. Council aims to manage requests efficiently and effectively. Employees are provided with a level of authority to advise applicants of the likely timeframe to complete the action required. Where further evaluation is necessary before committing Council to undertake the work the applicant will be informed accordingly. If a request cannot be fulfilled in a reasonable timeframe the applicant will be advised, including an explanation of why this decision was taken.

Where an applicant is not satisfied with the Council's decision, it is open to the applicant to lodge a complaint against the decision under Council's Complaints Handling Policy.

9. Timeframes for Response

The circumstances of individual requests for service will vary greatly. In the majority of cases requests will be processed promptly and the applicant advised verbally or by return post/email.

Routine requests are often subject to service response standards. For example, the assessment of public safety concerns will occur, where practicable, on the same day as the request is received. Other requests may be best suited to scheduling to coincide with work in a particular suburb or season. Examples of this include tree pruning on Council streets and attention to minor drainage problems. Requests for major works or new services will be referred to Council for consideration as part of the next annual cycle of review and public consultation.

Council staff will respond to all requests within ten (10) business days, advising of Council's intentions in regard to the request.

10. Recording Requests for Service

A person can make application for a service in a number of ways:
