

## **Reopening – Mallala Principal Office**

Following an intensive pest eradication program over the past four weeks, Council is pleased to advise that our Mallala Principal Office will reopen on **Monday 21 March 2022** at 9.00am.

We are satisfied that conditions are now suitable (from both an environmental health perspective and work, health, safety and risk management perspective) for the public and staff to re-enter the building.

Council remains committed to prioritising the health, safety and wellbeing of our staff and the community. Although services have continued uninterrupted, we take this opportunity to thank everyone for their understanding and patience.

James Miller

**Chief Executive Officer**
